

FRISCO DEVELOPERS COUNCIL

May 18, 2009

Mr. John Lettelleir, AICP
Director of Development Services
City of Frisco
6101 Frisco Square Blvd., 3rd Floor
Frisco, Texas 75034

Re: Frisco Subdivision Ordinance

Dear John:

We want to thank you and your staff for allowing us to be part of the re-draft of the Frisco Subdivision Ordinance. We believe the new ordinance will help streamline development processes and create a cohesiveness between the various other city ordinances currently in place. Accordingly, we support the ordinance as presented by staff.

As we have discussed, there may be a need to fine tuning any new conditions or procedures as developments are processed under the new ordinance. We would be happy to give you feedback in the future. I believe we all have the same goal of high quality and safe developments which are processed and constructed in a timely manner.

Thank you again for allowing us to be involved in the process.

Sincerely,

David Palmer
FDC President
